

**Virtual Lunch & Learn Module 11:**

**Siemens TIA Portal: Teamwork Makes the Machine Work**

**Thursday, August 6, 2020**

Sometimes two heads are better than one.

This can be especially true for complex automation tasks, where multiple programmers are needed to efficiently engineer a complete solution.

Join Siemens for a 90-minute guided, live introduction to multiuser and team engineering inside the Totally Integrated Automation (TIA) Portal. New and experienced users to Siemens automation products, will learn a basic, best practices approach to developing and deploying TIA Portal solutions in a team environment.

Presenters: Siemens Factory Automation Specialist

**Benefits of attending :**

- ❖ Learn how to easily enable multiuser projects from a local machine or a remote project server.
- ❖ Understand how to take advantage of the TIA Portal’s project server functionality to provide revision control to both individual programmers and those working in a team.
- ❖ Discover how remote, physically distant engineers can collaborate on projects effectively and securely.
- ❖ Gain insight how to structure your TIA Portal project to be able to maximize the functionality, flexibility and capabilities of the multiuser environment and project server.

Pre-requisites (optional):

\*If you do not currently have a copy of TIA Portal, and would like to follow along on your PC with our presenters as they build a TIA Portal project we encourage you to...

1) Log on and/or register on our Industrial Support website ([www.siemens.com/sios](http://www.siemens.com/sios))

2) Download and install a free trial of TIA Portal v16 Professional in advance of the training (<https://support.industry.siemens.com/cs/us/en/view/109772803>). You only need “DVD 1 Setup” (4 files) for “TRIAL Download STEP 7 Basic/Professional, STEP 7 Safety Basic/Advanced and WinCC Basic/Comfort/Advanced and WinCC Unified” Keep in mind this may take some time, due to the size of the download and your connection speed.

A 21-day trial is included with the download.

FOR ALL DOWNLOADED SOFTWARE - BE SURE TO READ, UNDERSTAND, AND FOLLOW THE INSTALLATION NOTES
